

MACV SHOT VALVE ASSEMBLY

Application

Any Application using Wheel Blast Equipment

Machine Type

Tumble Blast, Wire Rod, Spinner Hanger, Table, Monorail, Continuous, Wire Mesh Belt, etc.

Project Scope

Install MACV Shot Valves to allow for shot savings and more regulated flow of abrasive

Solution

MACV Shot Valves

Results

- Utilizes a cast alloy body that prevents abrasive from draining between cycles.
- Inspection and Removal is Simple and Easy
- You do not have to remove the entire valve to maintain and inspect – the valve internals slide out for easy inspection and maintenance
